The Courthouse Legacy Foundation held its Fiesta fundraiser in the spectacular mural room and on the balcony overlooking the Courthouse Sunken Garden and stage for the Noches de Ronda show. The foundation is dedicated to the conservation and restoration of this magnificent architectural gem. What better enthusiasts for such an organization than architect Ed Lenvik, left, who is also a Courthouse Legacy Trustee, and landscape architect/designer Julio Veyna? Both men were among the crowd of 120 who were enjoying the view and festivities in the 90-year-old building.
